In Persian mythology, a water goddess who protected both standing water and rainfall. She was also the divine symbol of both health and prosperity. Also being the Persian goddess of fertility she will bring success to those wishing to have children.

To call upon Ahurani for healing you need to state the following:

“Oh dear Ahurani, I call upon your blessings in bestowing the gift of a child in my arms. Following the course of north, east, south and west, I trust that a baby will follow when the time is best. Oh dear Ahurani, Bring fertility to my body, warmth to my soul and a fetus to my womb.” You may do this meditation daily as you are now connected forever to the energy of Ahurani.

To pass on the Ahurani Fertility Ray™ you need to state:

“I call upon the energy of Ahurani and ask to connect my dear sister (name) to the energy of the Ahurani Fertility Ray. That her body may heal and a baby be brought into her life. That if it be desired, that pregnancy soon follow. That her spirit and energy may be resonated with the spirit and energy of Ahurani and that the energy will always flow.” Then let the energy flow for a good 15 minutes. It will continue to flow for a long time after you have finished sending it.
