

# BRAIN LAYERS REIKI™

ALI AFNAN, FOUNDER

Brain Layers Reiki is a system channeled from the astrals. It is to enhance our capacity to retain knowledge, to have a good memory, and good healing powers.

There are three layers of the brain that if activated can make us super human beings, and help us to do things which we have forgotten over time, or never used before to our advantage. The 3 layers are:

1. Reptilian Center
2. Mammalian Inner layer
3. Outer Neo-Cortex

In the Brain Layers Reiki these 3 centers are given more energy, and also more energy is given at the Solar Plexus Chakra where there is also a Brain which becomes activated making you a better healer, and giving you stronger protection.

In activating the other 3 layers of the brain we get many beneficial effects, but they will need time to be fully functional. The energies will start working towards it after you get the attunement and in approximately 1 month you will start to see the remarkable results - maybe even before that, but the slower the process the better it is for you.

## **HEALING OTHERS WITH THIS SYSTEM**

First say Brain Layers Reiki and place your hands on the person's forehead and behind his head at the place of the Third Eye and start your healing, then place your hands on the back side of the head where the head line ends give energy there for 10 minutes, then move on to the Solar plexus, and place both hands there and give energy for 5 minutes. You are done.

## **HEALING SELF**

For self healing start with the Third Eye area placing your hands on your face covering your whole face with both your hands. Give energy for 5 minutes, then place both your hands on the Solar Plexus for 10 minutes. You are done.

## **SENDING AT A DISTANCE**

When sending at the distance you will go with the procedure for healing others. You will now see giving energy at the same places at the Third eye.

This system will make you a genius like Einstein if you keep at it. Give healing to yourself for 1 whole month. I have made the union stronger between the four parts described so your ESP is also enhanced. If you have faith in it then check it. You will be amazed by the results.

## **YOU CAN HEAL**

1. Memory Problems
2. Anemia
3. Slow Functioning Brain
4. Mental Retardation
5. Depression
6. Scattered Mind
7. Self Confidence
8. Able to stand for themselves
