WHAT IT IS

Our tiny planet Earth is located on the rim of one of the spiral arms of our home galaxy (Milky Way). We are far away from the central region of the galaxy (about 24,800 light-years), and not only far away but also there are huge clouds of interstellar dust in between us and the galactic center. Thus Earth is quite isolated from the various radiation emitted by the galactic central region. In other words we are here at the back of beyond. ☺

The centre of our galaxy (Milky Way), often also called Great Central Sun region, is energetically connected to all about 200 billion stars that form the Milky Way galaxy.

The speed of spiritual evolution, individual as collective, is dependent on the intensity of the vibration and radiation from galactic center. As Earth is so isolated from galactic center evolution here is a very slow and tough process. To bring more Galactic Center Energy here enhances evolution and enables rapid transformation on this planet as in our solar system.

HOW TO RECEIVE THE ATTUNEMENT

In a relaxed and pleasant sitting or lying position with eyes closed ask your Higher Self and The Source to receive the full attunement to the Galactic Center Energy on behalf of ... (name of the attuner).

Then relax and enjoy the flow of energy. When you feel that the attunement is finished, which probably will be after about 15 minutes.

Give thanks to Source and Higher Self and enjoy your new connection.

HOW TO USE GALACTIC CENTER ENERGY

You can meditate on Galactic Center Energy or just let this energy flow into you or direct it to others and also to situations and conditions. This energy brings in new perspectives as it enhances the individual and collective transformation. It is like a fertilizer for spiritual progress and growth.

When working with this energy, you are directly connected to the Great Central Sun of our home galaxy.

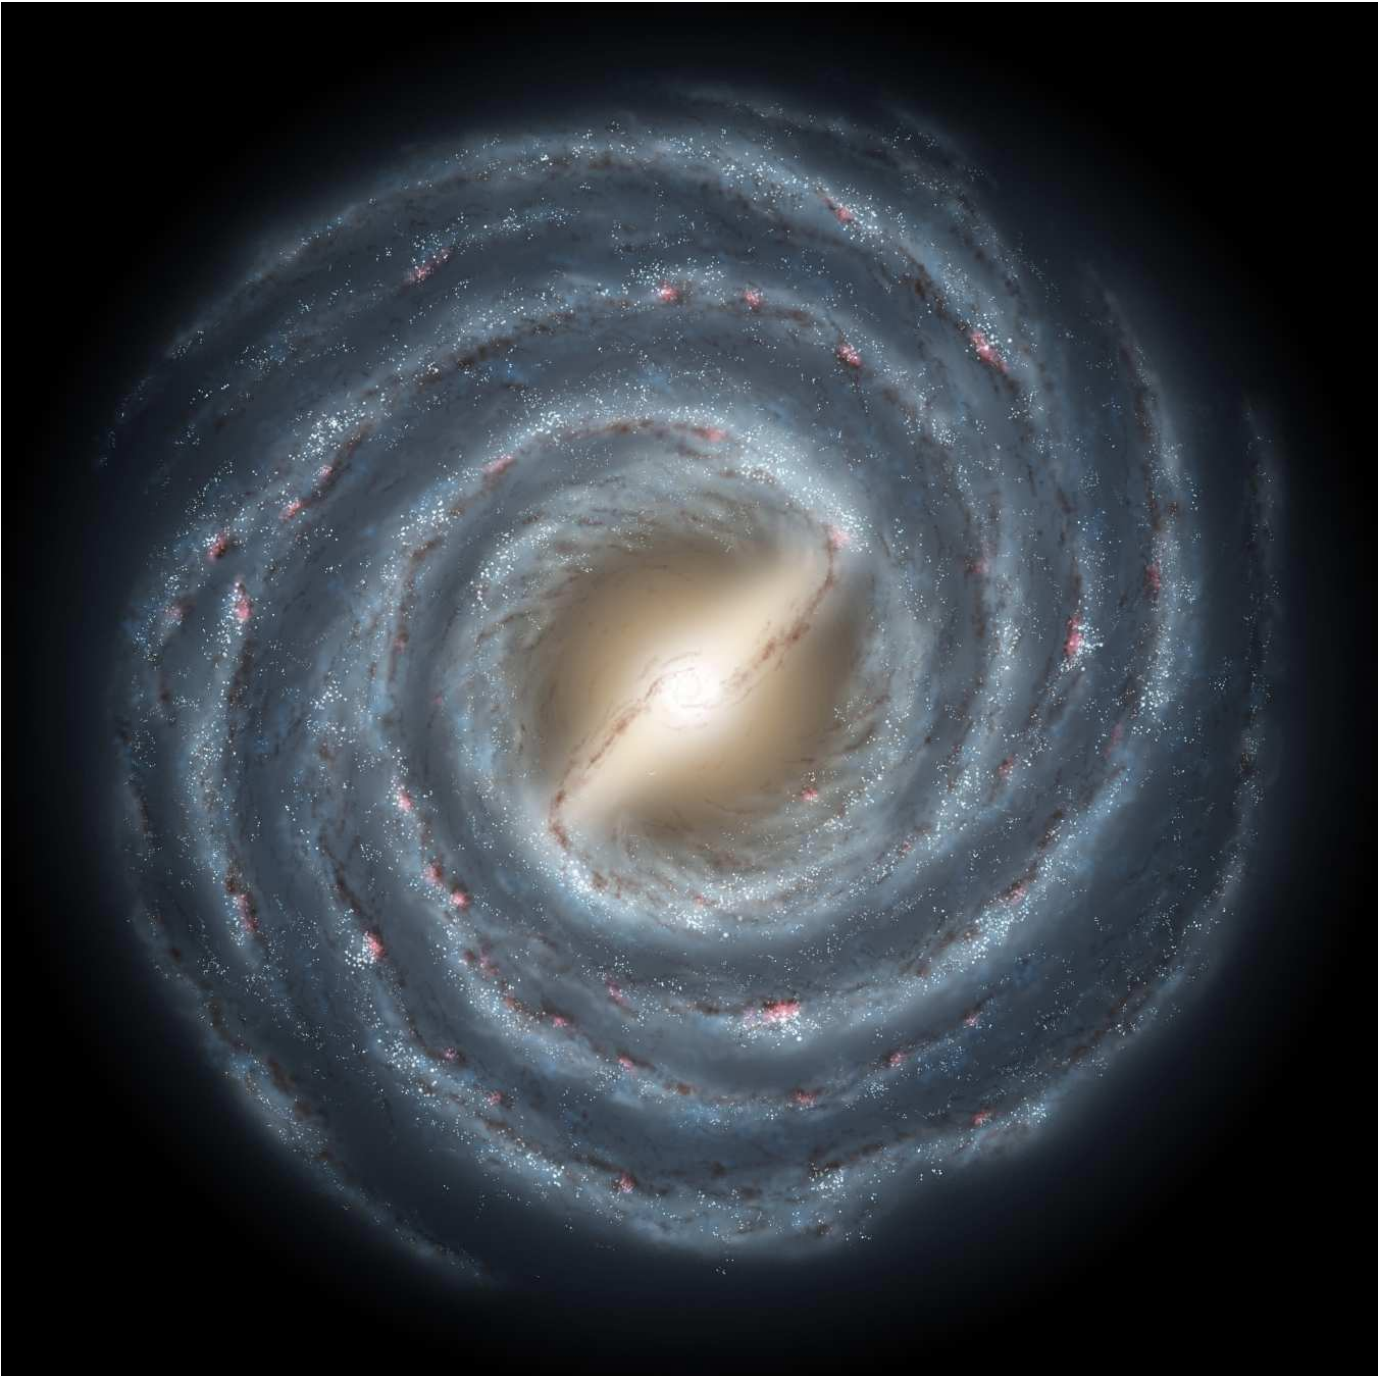

To support earth healing and global transformation you can either send Galactic Center Energy to Earth itself (in particular to the grid systems) or to our sun which is a natural transformer station for Central Sun energies and plays an important role in the current global transformation process.

HOW TO PASS ON THE ATTUNEMENT TO OTHERS

It is easy to attune others to Galactic Center Energy. In a relaxed and pleasant sitting or lying position with eyes closed connect to this energy. When you feel the energy and the connection to galactic center just ask your Higher Self and The Source to attune ... (name of the attunee) fully to Galactic Center Energy. Then let the energy flow as long as it will. After the flow of energy has finished, give thanks to Source and Higher Self.

Please respect that this system is a free gift of the universe and shall always be given as a gift to others.
